ROBINSON'S

A Card to Owners of Rural Telephone Lines

We are anxious to see that all lines owned by other parties and connected with us are kept in such condition as to furnish efficient service. Where the owners of rural lines are responsible for their upkeep, we want to co-operate with them.

All lines require a thorough overhauling occasionally if the best service is to be obtained. We recommend that every line connected with us be overhauled at least once a year, and that at least one experienced telephone man assist in this work. The cost of this work when divided among all the patrons of the line, makes the amount paid by each man small, and this cost will be more than offset by the improved service.

If the owners of rural telephone lines in this section are experiencing trouble with their service, we will appreciate their talking the matter over with our Manager or writing us fully. We will gladly do what we can toward helping you improve the condition of your line.

He was in Stanford one day while here, went out and inspected the splendid piece of alfalfa which Cashier W. M. Bright has on his handsome farm on the Danville pike. Mr. Floyd is doing a splendid work as assistant to the farmers of Harrison county and his many Lincoln county friends are mighty proud of him. Another man, who went from this section, is also making "mighty good" as a farm demonstrator, and he is K. L. of Milledgeville
has to say about
cream separators
this week.

It will be worth your while to find out what some of your neighbors who use De Laval Cream Separators think of their machines before you buy any separator.

About the best thing we can say for the De Laval is that all the farmers around here who use it are boosters.

It does good work for them and pleases them, and we know it will please you.

Make it a point to ask your neighbor about his De Laval.

There are nearly two million satisfied De Laval users throughout the world. More De Laval Separators are in use than all other makes combined. It isn't the cheapest, but the majority of separator users have found out by experience that it is the best and by far the most economical separator to own.

We want to tell you about an arrangement we have whereby you can make partial payment at time of purchase and pay the balance on such liberal terms that the De Laval will save its cost while you are paying for it.

Come in and see us first time you have a chance and talk it over.

Sooner or later you will buy a DE LAVAL

in goodness and in pipe satisfaction is all we or its enthusiastic friends ever claimed for it!

It answers every smoke desire you or any other man ever had! It is so cool and fragrant and appealing to your smokeappetite that you will get chummy with it in a mighty short time!

RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system. To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and uphold your strength. Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.
